### Skin Care Prescription:

For acne:

- Use a gentle cleanser and consider a non-comedogenic moisturizer.
- Incorporate a topical treatment containing salicylic acid.

For wrinkles:

- Apply a moisturizer with hyaluronic acid to hydrate the skin.
- Use a broad-spectrum sunscreen with SPF 30 or higher daily.

For dark spots:

- Consider using a serum with ingredients like vitamin C or niacinamide.
- Apply sunscreen to prevent further pigmentation.

For redness:

- Choose a moisturizer with soothing ingredients like chamomile or aloe vera.
- Use a gentle, fragrance-free sunscreen.
